WELCOME

to our **33rd** Annual Private Treaty

Bull Sale

S Diamond Angus

With Guest Consigner Bar M Herefords
7 miles south of the Henderson I-80 exit #342 on the east side,
just north of the Road 2 and Road B intersection.

Sale Day Phones:

Kim: 402/366-8664 Kendall 308/850-5157

Rich: 402/366-3245 Austin: 402/694-1287

Please leave your trailers at home, we will deliver bulls in early April or at a time when it is convenient for you. We like to personally get to know our customers operations to better help understand their genetic needs.

Terms, Conditions and Guarantee: Settle on sale day or with in a reasonable time frame ahead of delivery. This has to be approved by S Diamond. All bulls will be sold in their entirety unless otherwise noted in the catalog.

Fertility: All bulls will have a BSE exam done either ahead of the sale or ahead of delivery. Bulls will be guaranteed for the first breeding season either with a replacement bull or credit on next years sale minus the salvage value if any.

Herd Health: All bulls will be fully vaccinated ahead of delivery with Pyramid 5, Vib Shield, Alpha 7, Endovac, Multi Min and Ivermectin.

Performance Information: The bull ration is 20% corn, 25% WDG, 5% ground roughage and the balance is sudan grass silage. This years ground roughage was 1/3 rye, 1/3 milo stover and 1/3 soybean stover.

DV Auction: Videos and the catalog will be on our website at www.sdiamondangus.com and on www.DVAuction.com. You can bid real time with live audio/video. DVAuction also offers proxy bidding. You will need high speed internet and need to register more than 24 hours in advance.

Sale Day Information: Individual performance boxes highlighted in **blue** are the top 5 in each breed group, Angus and Red Angus, and top 3 in the Herefords. Bolded numbers would be the top individual in that breed group. EPD's that are highlighted in **yellow** will be the top 30% of the breed.

Lunch will be served starting at 11:00 am.
The Sale starts at 2:00 pm CST

This powerhouse bull will be used here. I was not comfortable selling him with both eyes compromised from pink eye. I am very comfortable keeping him and using him to add maternal traits, drop some middle, and add the thickness he had as a calf. His mom is a half sibling to KDS Haulers Pride 614 who has a major impact on the bulls in this offering. Top marbling bull and biggest ribeye.

Probably one of the longest bulls we have produced here.

Understand that length always equals pounds and that includes birth weight, but does not affect calving difficulty. One of my favorites since birth.

If you are looking for a heifer bull and want the popular show front end, then here is your bull. Incredibly attractive and a sure-fire heifer bull that should leave behind some powerful females as his grand dam is still in production. Nursing ratio: 6/104. Combine the look with a top 5 marbling score and REA makes him special.

Base Price: \$4,000

This Back Haul son I am confident enough to call a heifer bull. I can only imagine using several of these Back Haul sons as herd bulls and then enjoying a most amazing set of replacement females. I may not have mentioned that Back Hauls daughters are also easy keeping. Top 5 marbling and REA/100 adds to his value.

Here is a step back in time. Target Master was a growth bull with first rate bone structure. If chasing low birth weight bulls, has left you with a group of fine boned females, this bull will fix that.

KDS Hades 252 was the middle bull in our pen at Denver. He got no creep and did not join the other 2 till after weaning. His dam is a top producer with a nursing ratio of 7/100 and 3 daughters in our herd. In some ways, the best balanced of the 3, and did not let us down on show day. Hades just keeps getting better with age. His top 5 finish in both REA and marbling warrant a lot of consideration.

Some things you should know about these cattle:

- 1) These bulls were fed on a ration that never exceeded two pounds of corn per 100 pounds of body weight per day per bull plus sudangrass silage. We feel that it is more important to grow bulls that will go out and breed cows and return home looking like they should. Feeding them at the house in bigger pens and more exercise did drop our gains but we believe will make for better bulls for you. Fat bulls are pretty when you buy them but never again.
- 2) The carcass data on these bulls is presented as close to reality as possible. Please use the marbling scores only for in-herd comparisons. Since 1985 we have collected carcass data on every steer we have raised. We have even gone out and bought calves from our own bulls and fed them out. Our 5 year average of 94% choice or prime speaks for itself and includes every calf not kept as a bull or replacement female.
- 3) Our goals are to produce bulls that will sire females that will make excellent replacements and steers with enough performance to weigh 1200-1400 pounds at 12-14 months.
- 4) In the past our cowherd has shown enough fertility that our calf crop is 80%-90% A.I. sired. This fall we were at 89.8% pregnant and so far we are at 69% of our calves being born within 21 days of our first due date. Fertility is the number one ingredient in profitability in a cow/calf program. I think this shows in the scrotal circumferences of these bulls and will show in their daughters.
- 5) This cowherd is not a pampered cowherd. We expect these cows to calve unassisted, get the calf up, and raise it on grazed forages as much as possible. Very few calves are born in the barn and of those fewer are assisted in anyway. That is the cow's job.
- 6) **We will keep the bulls until the first to middle of April at no cost to you. We will deliver the bulls to you at that time. All bulls will be semen checked and ready to work. If any bull has a problem in the first year we will replace him or refund your money.**

How the sale works

Each bull will have a price set before the sale. They will range from \$3000 to \$5000.

During the open house time of 11:30 till 2:00 feel free to examine the bulls and eat dinner. During that time get a buyers number and let the girls know which bulls you are interested in. You may check the master list at any time during the open house. At 2:00 we will announce that we are ready for the auction, at that time you need to finalize your selections. We will start with the highest priced bulls. If more than one buyer is interested in a bull we will have an auction in \$50-\$100 dollar increments till the bull is sold. After a bull sells we will ask the new owner if he is done buying, if so I will remove his buyer number from any other bulls he had selected. If you are the only one on a bull, you will have the option of taking that bull or passing. You will not go home with more bulls than you need. The auction usually takes 45 minutes to an hour.

If you have any questions, please take time to ask,
that's why we have the open house portion of the sale.
